

Julie Mae A. Bagnotan

Davao City, Philippines, 0951 404 1968, juliebagnotan@gmail.com,

SUMMARY

A BS in Information Technology graduate with 3 years of experience in graphic design. Proficient in Canva and Figma, with a strong ability to design social media posts, promotional materials, flyers, newsletters, email blasts, and posters. Experienced in managing online product listings and creating technical documentation. Seeking a Graphic Designer position where I can apply my skills and contribute to the company's success.

WORK EXPERIENCE

03/2023 – 01/2024	Graphic Designer (Project-Based) PRINTAVIZION	Palmetto, Florida
	Conceptualized and developed engaging social media posts using Canva, and produced promotional video reels with CapCut to amplify audience engagement and effectively market products and services.	
06/2023 – 02/2024	Graphic Designer & Product Listing Specialist (Part-time) WISHY WASH LAUNDRY	Los Angeles, California
	- Designed diverse promotional materials, including flyers, newsletters, social media graphics, posters, and business cards, utilizing Canva to elevate business visibility and foster audience interaction. - Managed and optimized online product listings across various platforms, such as Craigslist and Facebook Marketplace, to broaden market reach.	
09/2023 – 09/2024	Graphic Designer (Part-time) DWELL REAL ESTATE GROUP	Santa Barbara, California
	- Produced a range of marketing collateral, including real estate flyers, newsletters, social media content, and posters, to effectively promote properties and enhance business outreach. - Leveraged Canva to generate compelling designs that captured attention and clearly conveyed essential information, contributing to client acquisition and business expansion.	
06/2025 – 12/2025	User Interface Designer & Technical Writer (OJT) University of Southeastern Philippines	Davao City, Philippines
	- Engineered user interfaces with Figma, prioritizing usability and an intuitive navigation experience. - Technical documentation, including user manuals and guides, to facilitate user understanding and effective software utilization, and executed data entry tasks.	

03/2026 – 03/2026

Graphic Designer (Project-based)

Sarasota, Florida

NUTRISHOP

- Created television advertisement posters using Canva to promote health and fitness products, including protein powders and nutritional supplements.
- Emphasizes supplementary services offered, such as body composition analysis, customized meal plans, and professional nutritional guidance.
